See Chance to Reduce "Annoy-
ing Tax" Two Billion
Thru New Plans.

CUT OFF 200,000 EMPLOYEES

Plan for Keeping Liberty Bonds
at Par Is Also Proposed
by Harding.

(By L. C. Martin)

By United Press Leased Wire
Washington.—A billion dollar tariff
a to be the aim of the republicans
when the new administration comes
into power next March, republican
leaders here indicated today.

Senator Curtis, Kansas, republican
whip of the senate, said today he be-
lieves \$1,000,000,000 a year can be
realized from tariff duties, an increase
of \$700,000,000 over present duties.

If that can be done, Curtis said, \$2-
000,000,000 income from other sources
will meet the needs of the govern-
ment. Democratic officials recently
announced that \$4,000,000,000 a year
would be required for the next four
years.

Curtis and other republicans, how-
ever, said that immediate reduction of
the army of government employees, by
about 200,000 will be made by the re-
publicans when they take control and
other money saving methods can
be employed.

Curtis also predicted that the "an-
noying tax" on articles of apparel,
on soda water and other things in
common use would be removed and
that the income tax return would be
greatly simplified by the new con-
gress.

A liberty bond bill, probably along
the lines suggested by President-elect
Harding, that is, the exchange of lib-
erty bond now outstanding for a new
issue, and legislative provisions for
keeping the new bonds at par, is an-
other measure to be considered early
by the sixty-seventh congress, Curtis
said.

NEW OFFICIAL TO WAGE DRY CRUSADE

Will Permanently Close Every
Place Caught Selling
Liquors.

(By United Press Leased Wire)

Chicago.—Chicago and the central
states will be bone dry by Christmas,
according to Frank E. Richardson,
newly appointed prohibition enforcement
official for the Great Lakes district.

Richardson announced his opera-
tives planned to obtain evidence
against selling spirituous liquors and
then close the places on "abatement
of nuisance" proceedings.

Assistant U. S. Attorney Kelly will
leave for Washington tonight where
he will confer with federal officials
concerning liquor violation cases to
include several districts.

Federal prohibition enforcement of-
ficials in conference with Richardson
here today and given the new orders
included:

J. Allen Simpson, Madison, Wis.,
Leo J. Groves, Marquette, Mich., and
Bertram Herzog, Milwaukee.

HARDING ON WAY TO PANAMA CANAL

President-Elect's Steamer Is
Due to Arrive at Cris-
tobol Tuesday.

(By Raymond Clapper)

By United Press Leased Wire
Abaco, Bahamas, Parismina, by
wireless via New Orleans.—Carrying
President-elect Harding to the Pan-
ama canal zone on a vacation trip,
the liner Parismina was making re-
cord time today, more than 13 knots.

The ship today was entering the
Caribbean sea.

Harding has spent most of his time
on deck ever since leaving New Or-
leans. He strolls up and down smok-
ing his pipe and chatting with pas-
sengers.

The weather today was moderate,
rapidly becoming tropical and the sea
was calm.

Parismina was crossing
Yucatan channel, Mrs. Harding ap-
peared on deck for the first time and
strolled with the president-elect.

Harding is due at Cristobol early
Tuesday.

TREASURY OFFICIAL IS
GIVEN RAILROAD OFFICE

(By United Press Leased Wire)

Wichita, Kan.—John Shouse, as-
sistant and secretary of the treasury,
has been named vice president of the Kan-
sas City, Mexico and Orient railroad.
Shouse will have charge of the road's
line in Mexico. His office will be in
Kansas City.

The railroad plans to complete two
sections of track that will make it a
trunk line from here to a Pacific port
in Mexico.

Internal Army And Navy Suggested By Belgian Delegate

Tells Geneva Assembly to Solve
Disarmament by Sending
Composite Forces to Armenia
—Would Show League's
Effectiveness.

(By Henry Wood)

Geneva.—"The hour for universal
disarmament has not yet arrived,"
M. La Fontaine, Belgian delegate, de-
clared today in addressing the assem-
bly of the league of nations in public
session.

La Fontaine maintained that the
economic situation is the most impor-
tant confronting the world, insisting
upon the right of the league to "rest
upon the strength of the national ar-
mies which are at its disposition, then
it will be at the mercy of no one."

Armenia Unsaved

As the situation now stands, La Fon-
taine said, the league is composed of 42
states with armies numbering millions
and yet is unable to save Armenia.
He demanded formation of an inter-
national general staff and immediate
employment of an international force,
under the league in behalf of Armenia,
"thereby demonstrating to the world
the effectiveness of the league."

Disarmament not being possible
now, the members' armies and navies
should be placed at the disposition of
the league to form the basis for an
international force under the league,
La Fontaine said.

His remarks were greeted with tremen-
dous applause.

League Wasting Time

Delegate Rowell, of Canada, criti-
cized the league council, declaring it
had wasted time with "secondary prob-
lems."

He demanded immediate settlement
of the territorial dispute between Po-
land and Lithuania.

"The council is on trial before the
world," he said.

"The typhus report is a humiliating
confession of failure. If the members
of the council cannot make pledges for
their own nations, they had better re-
sign and give way to others."

Rowell concluded with a warning
that unless the council is backed up
by a few "well done actions," it will
cease to hold the respect of the world.

Geneva.—The question of how the
league of nations will meet Germany's
threat to disregard that clause of the
treaty of Versailles involving alloca-
tion of her colonies under various man-

NEW YORK FIRE TAKES DEATH TOLL OF NINE

Tenement Building With 100
Occupants Is Quickly Con-
sumed in Blaze.

FLAMES CUT OFF ESCAPE

Two Whole Families Are
Trapped in Beds—Many
Rescued With Ladders.

(By United Press Leased Wire)

New York.—Nine persons were killed
today in a fire which swept a tenement
house in Harlem. The ruins were
being searched for more bodies. The
charred remains of three children
were among the first carried from the
building.

Through checking up the occupants
of the building it was discovered that
the victims were:

Ralph Gibbia, his wife Anna and their
four children, Carmella, 7;
Frank E. Lena, 3, and Jennie, 18
months.

Mrs. Ada Frank and Mrs. Bertha
Reynolds and her daughter, Ruth, 16.
The tenement house had one hun-
dred tenants. At five a. m. fire was
discovered on the first floor. It spread
so quickly that Harry Sturkers, who
turned in the alarm, found escape by
the front door blocked by a wall of
flame. He climbed out of a ground
window.

With a roar, the fire swept up the
stairway and was soon crackling thru
the structure from basement to roof.
Terrified men, women and children in
their night clothing lunged screaming
from windows with flames coming up
behind them.

Many fled down the fire escapes but
others were unable to reach them and
remained at the windows until firemen
reached them with scaling ladders.
Others jumped from the second story
windows to the sidewalk, many sus-
taining slight injuries.

The great crowd gathered when two
figures at one window silhouetted
against the red glare of the fire be-
hind them, suddenly vanished as a
flame puffled out through the opening.

Firemen reported that other vic-
tims appeared to have been trapped
in their beds. Several charred forms
were found huddled at bedroom doors
where they had fallen as they were
 groping their way through the dense
smoke.

Chief Kenton believes the fire may
have started in the wicker baby car-
riages in the lower hall. There were
five of them at the point where the
flames were first noticed.

ARREST OF CAPTAIN AND WIFE STIRS WASHINGTON SOCIETY

Washington.—Army social circles
here are agog with excitement over
the arrest of a popular captain and
World War hero, and his wife, charged
with the alleged theft of thousands
of dollars' worth of furs, silverware,
linen, cut glass and other valuables.

The couple under arrest are Cap-
tain and Mrs. Beverly Grayson Chew.
They were arrested at their apart-
ment at the Bellevue Hotel after Mrs.
Mary G. McCutcheon, of the fashion-
able Stoneleigh apartment, which the
captain and his wife had occupied in
September during her absence, had
missed a Russian sable stole valued by
her at \$10,000 and other valuables.

Hearing Nov. 22

The authorities say that the stolen
articles were found in the Chews'
apartment and in trunks they had
sent to the railway station. Both were
then charged with grand larceny and
placed under \$2500 bond each. The
preliminary trial was set for Nov. 22.

"It's absurd; my wife knew nothing
of the theft of these articles," declared
Captain Chew, who also affirmed his
own innocence.

Chews were popular and at-
tended many gorgeous entertain-
ments. Mrs. Marie Claybaugh had
lost a seal skin coat at the Army and
Navy Club a few nights before and
she happened to remember that the
Chews were there. After learning
that they were charged with stealing
furs, she notified the police. Mrs.
Claybaugh's seal skin was found, po-
lice say, in the Chew apartment and
another charge was filed.

Rose From Banks

Captain Chew rose from the ranks
and went to France June 14, 1917. His
war record was so good that he was
one of the few civilians who remained
a captain in the regular army after
the war ended. He is now with the
12th Infantry at Camp Meade.

Mrs. Chew is the daughter of an
aristocratic Virginia family, her for-
mer home being Richmond. They
were married in 1917.

FOOTBALL RESULTS

(By United Press Leased Wire)

Stagg Field, Chicago.—Wisconsin
and Chicago faced each other here to-
day in the final game of conference
season for each team.

Coach Stagg's maroons took the
field determined to battle the speedy
Badgers to a standstill and come out
of a disastrous season with colors
flying.

Wisconsin's grid warriors were
primed for a hard battle with a pos-
sible triple tie for conference honors
as the goal. A capacity crowd
jammed Stagg field to witness the an-
nual tussle of the ancient rivals.

Illinois-Ohio

Reitch kicked off, the ball going
over the Ohio goal line. The ball was
put in play on the 20 yard line. Wil-
liam made two yards through left
tackle on the first play. William
made another yard through right
tackle. H. Workman punted to Bob
Fletcher on his 30 yard line. He re-
turned the ball seven yards. Ralph
Fletcher gained one yard through left
tackle. Cangle was stopped without
gain through center. Hellstrom made
a half yard through left tackle. Hel-
strom punted to Ohio's 33 yard line.
Stinchcomb lost 2 yards on a run
around left end. H. Workman punted
out of bounds. Illinois' 38 yard
line. R. Fletcher lost 2 yards trying
Ohio's left end. Cangle made two
yards through center.

Hellstrom punted to Ohio's 36 yard
line. The ball was downed by an Il-
linois man. H. Workman failed to
gain around left end. Cangle was
hurt on the play but remained in the
game. Stinchcomb made one yard
through left tackle. H. Workman
punted behind the Illinois' goal line
and the ball was put into play on
Illinois' 20 yard line.

On fake punt formation, Cangle
made one yard. R. Fletcher made
four yards through left tackle. Hel-
strom punted to Stinchcomb who was
downed on Ohio's 48 yard line. Blair
made 2 yards through center but
Ohio was penalized five yards for off
side and it was Ohio's ball on their
43 yard line. Stinchcomb made two
yards through left tackle. H. Work-
man's pass was intercepted by Wal-
quist on Illinois' 35 yard line. Wal-
quist was downed in his tracks. R.
Fletcher was thrown for a 2 yard loss
in trying an end run. Hellstrom went
around right end for four yards.
Cangle made 2 yards through cen-
ter. Hellstrom punted to Stinchcomb
who was downed on his 41 yard line.
Blair made 3 yards through left tackle
on a cross back. Stinchcomb made a
yard through center. H. Workman
punted over the Illinois goal line. The
ball was brought out to the 20 yard
line and put into play. R. H. Fletcher
made 2 yards around Ohio's right
end. H. Workman injured his hand.
R. Fletcher went through Ohio's left
tackle for 10 yards and it was Illinois'
first down on their 30 yard line.
Cangle gained five yards on a plunge
through left tackle. Cangle failed to

LOW PRICES WOULD AID PRODUCTION

Price Expert Says Part Time
Operation Is Due to Keep-
ing Prices Up.

(By Ralph F. Couch)

Washington, D. C.—Unemployment
throughout the country resulting from
part time operation of mills and fac-
tories, is directly due to attempts to
keep up prices. Ethelbert Stewart,
government price expert, charged to-
day.

"Price is the only bar to full time
production," said Stewart whose title
commissioner of the bureau of
statistics of the labor department.

"Every mill in the country could
operate full time if prices were down.
The 'depression' will disappear as
soon as the producers and salesmen
of food, clothing and other commodi-
ties give up the idea of profiteering
as in war time. When that happens
the public will find it impossible to
end the big buyers' or consumers'
strike. Although slight cuts have
been made in the retail prices of a
few commodities, the cutting is not
yet general enough. Cuts in whole-
sale prices have been deeper than re-
tail prices."

"It must be remembered that it
takes six months to a year for
reduced wholesale quotations to be
reflected in retail prices."

MUNSEY ACQUIRES TWO
BIG BALTIMORE PAPERS

(By United Press Leased Wire)

Baltimore, Md.—Frank A. Munsey,
owner of the Baltimore News, the New
York Sun, the New York Herald and
other publications, has purchased the
Baltimore American and the Baltimore
star, it was announced today.

The price was reported to be about
\$1,500,000.

Publication of the Star will be sus-
pended December 1, and the American
will be issued as the morning edition
of the News, but it will retain its
name.

The Sunday American also will be
continued, as will the Sunday after-
noon edition of the News.

Bank Calls Issued

(By United Press Leased Wire)

Washington.—The comptroller of
the currency today issued a call for
the condition of national banks Mon-
day, November 15.

Madison, Wis.—Commissioner of
Banking Marshall Cousins today is-
sued a call for reports on conditions
of state banks up to the close of busi-
ness November 15.

Urge Cooperation Of Parent With School

"There were 26 rural schools last
year which were rated as first class
schools because they met the require-
ments of the rural school law," said
County superintendent A. G. Mead-
ing at the county school board con-
vention held Saturday at Eagle Hall.

"This year there are 53, just half
of the total number of rural schools
in the county. The law mentions sev-
en specific requirements which a
school must meet in order to be rated
as a first class school and share in
the special state aid of fifty dollars an-
nually. They are: Length of the school
year, condition of the school building,
land and conditions of the outbuild-
ings; needful apparatus and equip-
ment of the rural school law," said
county superintendent of the teacher.

Each point of the law was explained
by the speaker.

"We want every rural school in the
county to be in the first class," he said,
"but we must have co-operation be-
tween the parents and the officials of
the school. As long as we have the
same ideas on the subject of schools
we will be able to get ahead."

A. A. Thompson, rural school in-
spector, in his talk said that there are
13,000 feeble minded children in the
United States, and that 3,000 of them
were going to the public schools, instead
of some institution for feeble minded
people.

He made this statement while
pointing out some of the weaknesses
of the school system of the country.

"Another weakness," said the
speaker, "is the fact that children of
four and five years of age are going
to rural schools. Mothers, the teacher
is on to you, she knows why you
send the child to school. You don't
send them there to learn, you send
them to school to get rid of them.
Take for example, little Bess, who is
4 years old, or perhaps nearly 5. Her
big sister gets ready for school, and
the child expresses a desire to go
along. So she is taken along, and in
school she sits and wiggles her legs, or
looks out of the window. She is too
young to learn, consequently she sits
there for a year and a half doing nothing
but sitting. When Bess becomes
six years old she has come to believe
that the school is a place to come and
sit. So she continues to sit. The
world is full of people who do nothing
but sit and don't develop any
sense. Keep your children out of
school until they are six years old.

\$239,878 TO BE SPENT ON NEW COUNTY ROADS

PRESIDENT SURE OF
THANKSGIVING FEAST

Washington.—President Wil-
son's Thanksgiving turkey ar-
rived five days ahead of Thanks-
giving and as a result is being
fattened in the "back yard" of
the White House.

The turkey, a 30 pounder, was
sent by the chamber of commerce
of Cuero, Texas, in a white coop
which was a replica of the capital
building.

Another gobbler joined the one
from Cuero today. It was sent
from Kentucky by South Trem-
ble, former clerk of the house of
representatives. A box of grape-
fruit and other fruit arrived from
B. F. Fly, of Yuma, Arizona.

The fruit was raised on a newly
developed tract of land, irrigated
through a project provided in a
bill signed by the president.

Direct Tax to Provide \$163,000
of Sum Allotted for Road
Work.

AUTHORIZE BOND ISSUE

Bonds Aggregating \$62,000 to
Be Sold—Urge Continu-
ation of Work.

The county board at its session Sat-
urday morning adopted the recommen-
dations of the county, state road and
bridge committee to levy a two mill
tax on the total assessed valuation of
the county which will amount to \$163-
000, and to issue non-taxable road
bonds bearing 5 per cent interest to
the amount of \$62,000, with the
state aid allotment of \$14,878.07, will
make a total sum of \$239,878.07 for
new construction, maintenance, and
overhead expense the coming year to
be divided and appropriated as fol-
lows:

\$15,000 for the county, state road
and bridge committee.
\$24,000 for the county patrol and
maintenance fund.
\$30,000 to meet the state and federal
aid fund on project No. 223 on trunk
line No. 18.

\$16,333.33 to meet the state and
federal aid fund in project 231 and
trunk line No. 54.

\$9,044.74 to cover the deficit and in
further completion of work now under
construction on the Bear Creek-Lee-
man road.

\$12,000 for work in filling gap on
the Shiocton-Shawano road.

\$45,000 for work on Appleton-Sey-
mour road commencing at the south
end of the present concrete seven
miles south of Seymour and thence
continuing south and west.

\$19,000 as an addition to the work
under construction on the Bear Creek-
New London road.

\$45,000 on the Greenville-Shiocton
road commencing at the concrete, and
continuing north through Greenville
and Greenville station.

\$22,500 on the Little Chute hill on
the Appleton Kaukauna road, or trunk
line No. 15.

\$2,000 as a temporary repair on the
county trunk line north of the city of
Seymour.

Urge Direct Tax

The committee recommended that
the county board avail itself of the
right to raise funds for road construc-
tion by a direct tax not exceeding two
mills upon the total assessed valuation
of the county which would amount to
the sum of \$163,000, and further that
it avail itself of the authority to issue
non-taxable road bonds bearing
five per cent interest per annum to the
amount of \$62,000 which, with the
state aid allotment, would make the
total amount \$239,878.07.

The bond issue met with consid-
erable objection and some of the mem-
bers favored doing away with it and
adding another mill or fraction there-
of to the two mills direct tax, but it
was brought out that this could not
be done as the two mills was the limit
provided by the statutes. On ac-
count of the small amount to be ex-
pended on road construction work sev-
eral members suggested that work be
discontinued for the coming year and
the machinery stored.

Keep Roads Open

"We wish to state," said the com-
tee, state road and bridge committee in
its report, "that we have considered
the advisability of keeping certain
roads open to traffic during the coming
months, and due to the large num-
ber of motor vehicles now owned in
the county and the large investment in
highways that it would be a good re-
turn on the investment of the roads
leading to our most thickly populated
districts to keep them open under
reasonable conditions."

"However, it is reasonable to pre-
sume that all winters and possibly they
will not be as severe as the last one,
and under normal conditions we be-
lieve that trunk lines 15 to the east
county line, 14 to Black Creek, and
14 from the city of Seymour and Shiocton
also state trunk line No. 15 as far as
Dale, together with the Horiconville
and New London road, can be kept
open to traffic, and we would recom-
mend an appropriation of \$5,000 for
this purpose. The same, if not used,
can remain in that fund to be used
next winter, or any time that condi-
tions may require."

The resolution providing an approp-
riation of \$30,000 for the improve-
ment of the county asylum road pro-
vided for in the budget, \$50,000 to be
furnished by state and federal aid was
adopted. Another state and federal
aid project of \$50,000 for which the
county was to furnish \$16,333.33 also
was adopted. It concerned a stretch of
road beginning at the northeast cor-
ner of section 1, town 23, range 17 and
extending along state trunk highway
No. 54 in a southeasterly direction as
far as the money available will con-
struct.

In its report, among other things,
the county, state road and bridge com-
mittee said:

Conditions Were Bad

"Owing to the general conditions of
the times, together with the scarcity
of labor, materials and lack of trans-
portation, it has been impossible to
carry on the work as intended and
provided for by your honorable body.

Due to these causes several pieces
of construction have gone by default."

5 NORTH DAKOTA
BANKS CLOSE UP

Withdrawal of Public Funds by
Non-Partisan Bank Cited
as Reason.

(By United Press Leased Wire)

Fargo, N. D.—Five banks in west-
ern North Dakota were closed today as
a result of withdrawals of public
funds scheduled to become general
December 2.

Non-Partisan league headquarters
and league newspapers are making
capital of the straits of the institutions
forced to close their doors, it is said,
because opponents of the league suc-
ceeded in passing Laws November 2,
repealing the league law requiring
that public funds be deposited in the
bank of North Dakota.

The state owned and operated bank
—one of the biggest state institutions
inaugurated by the Non-Partisan
league program—is being forced to
call in public funds re-deposited in
small western banks to prepare for the
general threatened withdrawal of
funds from the state owned bank Dec.
2.

The state bank, league officials said,
deposited sums in the small western
banks to help them through difficulties
due to short crops and extension of
farm loans. For this reason banks in
the western part of the state are first
to suffer.

Many more banks will be forced to
close, it was predicted.

TWO OHIO BREWERIES
BOOKED FOR SEIZURE

Cincinnati, Ohio.—Seizure of the
Jackson and Hierncourt breweries
here was to be consummated today
on receipt by Stephan McGrath, in-
ternal revenue collector, of authority
from Washington to take over the
breweries.

The seizure follows examination of
samples of beer at the breweries.
These samples, McGrath said, contain
more than the legal amount of alcohol.
Seizure of a third brewery also is
probable, revenue agents indicated.

UNEARTH PLOT TO SHIP
CRIMINALS INTO U. S.

New York.—A plot to unload crim-
inals and dangerous radicals in the port
of New York has been unearthed by
immigration authorities here, Freder-
ick Walls, United States commis-
sioner of immigration, told the National
Industrial council here.

Walls declared the plot had been
entered into by corrupt officials of
European governments and the police
authorities of at least two European
nations. He urged stricter immigra-
tion laws.

Too Much Governor In State Schools, Cary Says

State School Superintendent Condemns Division of Control of Education.

"There is altogether too much governor in the government of the Wisconsin school system," declared C. P. Cary, Madison, state superintendent of instruction, while discussing the state's schools here Friday afternoon. Mr. Cary declared that the power of the governor in matters of education is almost without limit and that something should be done to make it impossible for politicians to gain control of the schools.

Mr. Cary came here to inspect the First ward school where repairs had been made to comply with instructions from his office. Mr. Cary said that all the repairs had not been completed and he would not make definite statement regarding the school until after he had conferred with the district board, but he intimated that there would be no radical changes, preferring to leave the matter as it is until after the proposed survey of Appleton's school system is completed.

Mr. Cary evinced considerable interest in the survey, believing that it is a good thing. He would not commit himself, however, on the proposal to establish the union system here, except to say that he did not believe that divided authority in school administration makes for efficiency.

The state superintendent said that politicians and manufacturers are endeavoring to gain control of the school system, declaring that the state board of education and the state vocational school board, which are appointive, give politicians too much control. He said that the state board of education is "without a job" in that it has nothing to do except to look over the proposed budgets.

Mr. Cary showed how the governor's control is almost absolute be-

cause he appoints a majority of members of the various educational boards and then acts as a member himself. Financial bills are passed on by four boards, all controlled by the governor, before they reach the legislature and then the budgets are subject to the governor's veto.

Cary condemned the state board of education for its alleged effort to take children out of the grade schools a year earlier than under the present plan. According to Mr. Cary, the plan is to cut the grade school down to seven grades after which the pupil may go into the high school or vocational school. He believes that this is a part of a movement, sponsored largely by manufacturers, to build up the trade schools at the expense of the high schools. The superintendent charged the manufacturers with endeavoring to emphasize manual instruction at the expense of academic education.

"In all my years of official life my principal aim has been to be attorney for the boys and girls," Mr. Cary said. "I want to see the young people get a square deal. I believe that they should be given the best education possible. I don't like the tendency to sacrifice academic education in favor of manual training. It favors too much of the German system."

The Appleton school report, which gives Wisconsin a low educational ranking because of its inaccuracies and its fallacies. He said that the report ranked schools on the amount of money they spent, failing to take results into account. The entire report was wrong and should not be regarded as a criticism of Wisconsin's schools, the superintendent said.

Mr. Cary delivered a short address Saturday morning before the rural school boards convention at Eagle hall, discussing particularly the rural schools.

PEGGY MARSH HERE TO FIGHT FOR SHARE IN FIELD ESTATE

New York—Peggy Marsh, former London and New York chorus girl, has arrived in New York to fight for part of the estate of the late Henry Field, grandson of the multi-million-

RETAIL NUMBER OF BULLETIN ISSUED

Chamber of Commerce Publication Reviews Retail Committee's Work.

The November issue of "Community Betterment," the monthly bulletin of the Appleton Chamber of Commerce, was issued to members Friday. It is the retail trades number and gives prominent space to the activities of the retail trades committee,

of which John R. Diederich is chairman. The proposed course on retail merchandising is named as one of the most important undertakings of the committee. Its features are explained in detail. The course will open with a salesmanship play, "Signing Mr. Prospect." Six evening meetings will follow. A dinner will be held and some out-of-town expert on merchandising will speak. The class will then be split into groups to take up problems peculiar to various kinds of stores.

Attention is also centered on the proposed credit rating bureau which the merchants desire established. The committee is securing data for the merchants and expects to bring the arrangements to a point where a bureau can be established in Appleton.

The retail trades committee is also planning for a big get-together meeting of all Appleton merchants. The advice, assistance and cooperation of the retailers is sought in launching trade extension and cooperative advertising propositions.

The bulletin also contains announcement of the forum dinner next Wednesday at which A. Archibald Harris, Chicago, is to speak on "Federal Taxation."

Miss Alda Robb of Escanaba, Mich., is a guest of Mrs. J. T. Quinlan.

Social Science Club
The Social Science Club of Lawrence College met Thursday evening. Lawrence Balsa, Green Bay, gave a talk on "Accounting"; Clayton McCullen, Appleton, discussed "Office Efficiency"; and Pro. Ingler explained the Esch-Thompson debate.

GIRLS CAGE TEAM WINS FIRST GAME OF SEASON

The Girls' Basketball team of the recreation department of the Woman's Club started out the season Friday evening by defeating the girls' team of Seymour high school, 20 to 8. Forty-six girls made the trip, thirty of whom were rooters. The first point was scored by the Seymour team, by means of a free throw. At the end of the first half, the score stood 11 to 3 in favor of Appleton.

Miss Ruth Marvin, girls' physical director at the high school, was the referee. The line up of the local team was as follows: Centers, Helen Weeks and Dorothy DeYoung; right guard, Rose Beelan; left guard, Emma Springer; left forward, Gladys Kramhold; right forward, Margaret Peeters. Gerdana Chamberlain was the time keeper and Estelene Chamberlain acted as cheer leader.

CITY SEALER GUARDS AGAINST SHORT WEIGHT

Joseph Hodgins, city sealer, has been kept busy for the last few days in seeing that people purchasing apples are not given short weight. Complaints have reached him to that effect and an investigation revealed that some of the baskets shipped in to the city have been from two to three pounds short and have not been marked as required by law by either the shipper, wholesaler or retailer. The statutes require that where a basket contains less than a bushel that the net weight shall be marked thereon so that the purchaser will know the exact number of pounds he is given.

CAN'T AGREE ON PRICE FOR PEAS

Hortonville Canning Company in Difficulties With Pea Growers.

The pea growers of the county who are stockholders or had contracts with the Hortonville Canning company held a meeting at Eggert hotel Friday evening. A representative of the company was present and tried to secure an adjustment of last summer's price controversy, but it is said that no agreement was reached. The company made a contract with the growers last spring to furnish peas to the canning factory at three

POULTRY MEN PLAN FOR BIGGEST SHOW

State and County Aid Will Make 1921 Exhibition Best in History.

Officers and directors of Fox River Poultry and Pet Stock association held an enthusiastic meeting at the Western elevator Friday evening at which quite a little preliminary business concerning the poultry show to be given in Appleton next January was disposed of. The regular premium list will be prepared the same as other years, but merchants and business men will not be solicited for advertisements. Any business man wanting

— GEENEN'S —

cents a pound. Believing that they faced a possible loss, farmers refused to harvest and haul the peas at this price, and demanded five cents. The company made a verbal compromise at four cents, which the growers accepted.

It is said that the canning company refuses to pay four cents a pound and is attempting to hold the farmers to the original contract. They refused to consider a return to the three-cent price and nothing was therefore accomplished by the meeting. Some of the growers hinted at a lawsuit in case no settlement was forthcoming. Payments were due November 1 to at least part of the growers. The controversy is an involved one because many are stockholders in the concern, and gave notes for their shares of stock, to be paid out of the checks for peas. Their stock certificates were to be delivered when the notes were paid.

space will be gladly given it upon making his wants known, but it is the intention of the officers not to burden them with any further subscriptions.

The admission fee this year will be free for the first time in the history of the association. The show will be bigger and better than ever and more and better cash premiums will be offered than heretofore. The fact that the officers will receive enough money from the state and county board to defray expenses makes it possible for them to give the public the benefit. The officers decided to cooperate with the Oshkosh Poultry association and consequently all the choicest birds exhibited at the Oshkosh show will be shown here and vice versa. An effort will be made to get all the school children of the county interested in making exhibits of poultry through the department of the county superintendent of schools.

Clio Club Is Studying India And The Hindus

The program for the Clio Club for the year 1920-1921 is completed. The members will take up the study of India this year. Alternate meetings will be devoted to the reading of current events. Mrs. P. H. Ryan entertained the club at the first meeting of the year at which Mrs. Frank Harriman discussed the map and general description, flora and fauna; races and languages.

Mrs. A. J. Ingold took the topics, history up to the European occupation and the Great Moguls at the Sept. 27 meeting. Miss Ada Myers was the hostess.

Mrs. A. J. Ingold was the hostess at the meeting Oct. 11. "Buddhism, Mohammedans and Brahminism" was discussed by Mrs. Sarah Fuller. Mrs. A. E. Rector handled the subject "Clans and Castes" at the meeting Oct. 25. Mrs. R. C. Humphrey was the hostess.

The club enjoyed a Halloween party Nov. 1 at the home of Mrs. R. M. Bagg. Mrs. Frank Wright entertained the club Nov. 8. Mrs. George Jones discussed Portuguese invasions. Mrs. G. A. Ritchie will give a book review of Mrs. Isaac Crawford at the meeting Nov. 22. Miss Carrie Morgan will be the hostess.

Mrs. E. A. Morse will be the hostess Dec. 6 at which time Mrs. E. P. Parish will review the history of the early European occupation. The club will be entertained at a Christmas party Dec. 20. Mrs. Peter Thom will be the hostess Jan. 3. The

East India company will be discussed by Mrs. Otto Kuehnstedt. Mrs. John Bottensek will take the topic, "Chive and Hastings, Sepoy Mutiny."

Mrs. R. M. Bagg will discuss India under the crown civil service Jan. 17. Mrs. Bottensek will be the hostess. Mrs. James Wood will entertain the club Jan. 31. Mrs. Frank Wright will tell what Great Britain has done for India.

Mrs. G. A. Ritchie will entertain the club at a Valentine party Feb. 14. Mrs. James Wood will give a book review of Steel's "On the Face of the Water" at the meeting, Feb. 21. Mrs. Doan Upjohn will be the hostess.

Mrs. A. J. Ingold will entertain the club Feb. 28. India and the World War and nationalistic movements, will be discussed by Miss Carrie Morgan.

Mrs. E. A. Morse will give a book review, March 14, of Kipling's "Indian Tales." Mrs. A. E. Rector will be the hostess. Mrs. H. C. Humphrey will entertain the club March 28. Mrs. Doan Upjohn will discuss education and literature and Tagore and his philosophy.

The club will be entertained by Mrs. P. H. Ryan April 11. Mrs. J. H. Farley will take the topic "Delhi and its Environs." Mrs. John Bottensek will be the hostess April 25. Mrs. E. A. Peterson will discuss arts and agriculture and Mrs. H. C. Humphrey will take the topic, "Industries, Commerce, Agriculture and Manufactures."

Mrs. R. M. Bagg will entertain the club May 9. Mrs. Peter Thom will discuss manners and customs and methods of travel. Pilgrimages, festivals and the story of Kohinor will be discussed by Miss Ada Myers.

Mrs. Otto Kuehnstedt will be the hostess May 16. Officers will be elected at this meeting. The club will be entertained at the lake May 23 by Mrs. James Wood. A basket lunch will be served. The committee consists of Mrs. Ingold, Mrs. Rector and Mrs. Ritchie.

DR. WOOD WILL PREACH IN GREEN BAY SUNDAY

Dr. J. B. Wood is to exchange pulpits with the Rev. W. C. Cainsbury of St. Paul's Methodist church, Green Bay, next Sunday morning. Mr. Sainsbury is a talented speaker. Dr. Wood is to speak at three services at the Green Bay church on Sunday, concluding the week of special addresses that he has been presenting. A number of the churches of West Green Bay are to unite with St. Paul's church in the closing service of the series on Sunday evening.

NATIONAL EXPERT ON TAXES COMING

H. Archibald Harris Will Speak at Next Chamber of Commerce Meeting.

Uncle Sam's \$4,000,000,000 budget must be raised somehow. The tax money may come through the same channels as before, but there is a possibility that the government will have to amend its present tax arrangement. Washington writers state that the fall in prices and profits will probably entail a higher rate of taxes, or a prolonged continuation of the present rates.

This most timely topic will be touched upon by H. Archibald Harris, Chicago, in the second of the chamber of commerce series of tax lectures here. Mr. Harris is to speak at the regular monthly meeting of the chamber at 6:45 o'clock Wednesday evening at Appleton Hotel.

The speaker is of the firm of Archibald Harris and company, certified public accountants and taxpayers. The firm acts as counsellor on federal taxation for a number of the biggest industrial associations, including the Milwaukee chamber of commerce. Mr. Harris was formerly in the income tax unit of the treasury department at Washington.

Some facts from the movement among merchants to inaugurate a new method of levying the sales tax will be touched upon by Mr. Harris. He is also to deal with the subject of depreciation, which is the pivot of the entire tax system and the subject of more misunderstanding than perhaps any other feature of the federal income tax law.

Most business men of Appleton will be faced with the problems of tax returns within the next week or two, as the fourth quarterly federal income tax payment for the calendar year ending December 31 is due on December 15. Mr. Harris' broad knowledge of the subject, and the information he divulges in his speech are expected to clarify many of the tax problems.

SUGAR PRICE DROPS HALF CENT IN WEEK

Sugar has dropped fifty cents a hundred pounds within the past week and the market is in an uncertain condition, according to H. J. Ingold of the S. C. Shannon wholesale grocery house. Last week was \$12.50 a hundred and it is offered this week at \$12. There appears to be plenty of sugar on the market; in fact such an abundance that it is forcing the price downward.

Beet sugar produced in this section of the country is beginning to appear on the market. Three carloads have been received for distribution in Appleton. It sells 20 cents a hundred cheaper than cane sugar. Some merchants have offered it to their customers at less than cost. Mr. Ingold states Retail prices have been quoted as low as \$11.50 a hundred and it cannot be bought for that price.

The beet sugar helps to produce the sugar surplus which may possibly keep the price down. The constant fluctuation in sugar prices makes it difficult to say what it will sell for next.

WHY NOT RELIEVE THAT COLD NOW?

Dr. Bell's Pine-Tar-Honey is noted for its effectiveness

YOU'LL find the small cost of a generous bottle of Dr. Bell's Pine-Tar-Honey a sum well spent when you learn how promptly and efficiently and comfortably it helps relieve that lingering or new cold or cough.

Its balsamic and healing antiseptics are unsurpassed in promoting ease from distressed bronchial tubes, helping to loosen phlegm, congestion, and allaying inflammation. Children, too, like its pleasantness. Thousands everywhere use it the minute they feel a cold coming on. Get a bottle at your druggist's today as a safeguard against sudden colds. 30c, 60c, \$1.20.

Dr. Bell's Pine-Tar-Honey for Coughs and Colds

Don't suffer from nerve-racking skin-itch. You can relieve quickly by using freely Dr. Hobson's Eczema Ointment. Good also for eczema, pruritis, freckles and other skin troubles. Any druggist.

Dr. Hobson's Eczema Ointment

Parents Hear Pleas For New Schools In Kaukauna

Must Look Ten Years Ahead, Principal Schussman Says in Address.

Prospects for the erection of new educational buildings in Kaukauna looked brighter following a meeting of the Parent-Teachers association Thursday evening at the Nicolett school. Four minute talks were given by students of the high school, Miss Elizabeth Schussman and Prentice Hale.

In her talk, Miss Schussman emphasized the need of an ungraded room for all pupils who were backward in their work. She said that such pupils needed special help, and they could not receive it when they were in the same room with the brighter ones.

She said that two teachers for the first grade were a necessity. There are 64 pupils in that grade, and there is so little room that the class is divided into two groups, half coming in the morning and half in the afternoon. Miss Schussman said that such a condition was deplorable, because the first two or three grades of school are the most important in a child's school career.

The speaker further said that the work of the principal ought to be limited to supervising only. She did not believe that the principal should be a teacher also.

Need Gymnasium

Prentice Hale made an appeal for new school buildings for the boys and girls. He said that the reason for most of the poor pupils was lack of room for proper training, crowded conditions and physical environment. There were other reasons, such as lack of ability and outside amusements, but the former can be overcome, the speaker said, by providing an ungraded room, and the latter can be overcome by providing sufficient sports and amusements that are connected with the school. That Mr. Hale said, emphasizes the need for a gymnasium. He said that the parents were willing to sit back and watch the standard of education be lowered just because they were not interested enough in their children's welfare to give them the things that they need.

Following the talks, there was discussion as to what course to follow in order to bring about such changes as are needed. A few figures were given by Prof. Leo G. Schussman, superintendent of the Kaukauna public schools, as to the amount of money that was being spent on the schools in comparison with other expenditures.

"The assessed valuation of Kaukauna is \$7,300,000, and in the year 1919-20 approximately \$42,000 was spent

on all our public schools. The vocational received about \$10,000, making a total of \$52,000 in last year's school budget. The amount spent on the pavement of Lave street was over \$50,000, and the soldiers' bonus reached the mark of only one thousand dollars less than the amount spent on the park, Nicolett and high schools. Mr. Schussman said he was not criticizing the paving of the street or the soldiers' bonus, but he was offering the figures merely to show that all of the money raised by taxes does not go for school purposes.

"Certain parties in the city have been fooling the people right and left. They have been making the citizens believe that the schools were receiving a enormous budget, when in reality they have had only 22 3/10 cents on every dollar of taxes that was raised."

He said that when the city schools get 75 cents of each dollar of tax, Kaukauna would be up to the level of other cities.

"We need a high school building and we need an addition to the Nicolett school. Sooner or later the Park school will refuse to send her grades into other schools, and will reclaim its own building, and then you will find your high school in the street. We must have a building that will accommodate the needs of the city for the next ten years. I think it's a poor sort of a citizen who don't look that far ahead."

The need for a gymnasium was shown by Mr. Haas, principal of the Nicolett school, when he said that it was possible to secure the training school gym one night in the week. But rent is charged for the gym, and the seventh and eighth grades only are allowed to use it.

Graders Want to Play

"I'm sure that the rest of the grades of the school would enjoy themselves just as much as the higher grades. Then too, if we do secure the gym of the training school, we have no basketball. We can get a basketball, but we have no money, the budget will not expand to the extent of \$11 for a basketball."

A motion was made that a committee be appointed to prepare a petition for the enlargement of the Nicolett school and the erection of a new high school, and that the committee see that the petition was circulated for signatures and finally given to the proper authorities. The motion was unanimously carried and the committee consisting of Ben Starke, chairman, Mrs. W. Copp and Iluro Weifenbach was appointed by the chairman of the meeting, William Klumb, Jr.

The meeting was adjourned until the third Thursday in December, at which time the committee will make a report.

FARMHAND ADMITS SLAYING EMPLOYER

John G. Beier Gets Life Sentence in Prison After Admitting Crime.

La Crosse, Wis.—John G. Beier, charged with killing Jack Biesen, Brinkman Ridge farmer on Aug. 26 last, pleaded guilty to the charge of murder in the first degree Friday afternoon and was sentenced to life imprisonment by Judge Higbee.

Hid in Closet
Beier formerly was employed as a farm hand by Biesen and was alleged to have been intimate with Mrs. Biesen for several months preceding the murder. For over two months he was secreted in a large closet in the front of the farm house. Biesen, estranged from his wife, lived in the barn for a year before his death.

Beier, according to his confession, on Aug. 26, while hidden in the closet heard Biesen quarreling with his wife in the kitchen. When Biesen threatened to kill his wife, Beier said he left the closet and confronted Biesen to keep him from harming his wife.

Biesen rushed upon Beier with a knife in his hand and the latter shot the farmer in the forehead with a revolver. Biesen dropped to the floor and Beier then obtained a shotgun and blew off the top of Biesen's head, removing trace of the revolver shot in next.

FOUND DEAD ON CHICAGO LAKE FRONT

Chicago. — Police have found the male companions of the two actresses who were found dead near the roadway that skirts the lake in Grant Park. They were Miss Marie Ramey also known as Mary Rhodes (left), and Miss Lillian Thompson (right). They were members of a musical comedy company playing here. They had been dead five hours when found. Police have been unable to find the man who gave them the "tip" that the bodies were there.

RED CROSS STILL HELPS SOLDIERS

Home Service Work Continues to Occupy Prominent Place in Activities.

When the millions of youths who composed America's war time army checked in their packs, fingered their discharges fondly and hurried away from camp to return to civilian pursuits, many of them thought the American Red Cross had ceased to be an important function in their lives. It had furnished them with entertainment and aid while in camp, but the great majority had never felt the need of the Red Cross before entering the service and they reasoned they would not need its assistance now that they were out of it again.

Many thousands including several hundred Outagamie county ex-servicemen, have since learned to know otherwise. The Red Cross was their friend in service and they naturally turn to it when trouble and complications beset them now.

Nearly a million men have been given assistance of various kinds through the home service sections in all parts of the country. This consists principally of financial aid, finding jobs, obtaining back pay allotments, and compensation. About 150 men in this county who were disabled in service are receiving assistance in adjustment of compensation training, medical care insurance, individual and family difficulties.

Helps His Family
The Red Cross does not confine its activities to service men only. It also takes care of his family. An instance is related where a soldier was stationed at Alcatraz barracks for discipline. He became despondent and threatened to take his life. The Red Cross investigated and found that his family was in destitute circumstances. His sentence was commuted, and the Red Cross is helping the family get on its feet.

The Red Cross also comes to the

STILL THE GREATEST MOTHER IN THE WORLD

Red Cross workers in the federal vocational board's offices cooperate with the home service sections to make necessary loans to the men, arrange suitable living conditions, help collect evidence and supply facts to the board, assist in "appealing cases" and settle various personal difficulties for the men. The workers also follow up and aid all men who discontinue training.

DO YOU KNOW That Wisconsin's tobacco production for 1920 is estimated at 62,400,000 pounds? That this exceeds last year's record by 11,300,000 pounds, and the five year average by 11,000,000 pounds? More knowledge of plant breeding and disease control makes tobacco production safer in Wisconsin.

Window Display Attracts Crowd

What is probably one of the most interesting displays of its kind ever presented to the public of Appleton can now be seen at Schlitz Bros., College avenue and Oneida street.

There can be seen roots, herbs, barks and berries gathered in many remote sections of the world, just as they are sent to the Kozak Laboratories at Dayton, Ohio where they are assembled and after being selected and analyzed, scientifically compounded by expert chemists. The Kozak Laboratories are considered the largest and most modern in the country.

One of the important features about Kozak, which is often called the Master Medicine because it seems to master when others fail, is the fact that that it is composed of purely vegetable ingredients. Unlike many preparations it is guaranteed to contain no dangerous minerals, habit-forming drugs or acids so that it can be taken with perfect safety.

If you are ever troubled with nervousness, headaches, sleeplessness, indigestion, catarrhal affections, dizziness, stomach, kidney or rheumatic troubles, drop in to Schlitz Bros., and talk it over with the Kozak Health Expert, who meets the public daily and evenings.

ONLY TWO MORE HILLIS LECTURES ON PROGRAM

The next to the last of the series of "Hillis Lectures" on "A Better America" will be presented at the Methodist Church at the four o'clock service Sunday afternoon. The lecture will be entitled "False Views of Equality as Incentives to Social Revolution." Special music for the service will consist of a duet of Rubenstein's, sung by the Misses Soule and Jacki, and a solo, "The Prayer Perfect," sung by Miss Gertrude Graves. Mrs. Graves will also conduct the usual song service.

MORY'S ICE CREAM

SOCIETY

Woman's Interests

CLUB

Final arrangements for the program to be given by the recreation department of the Women's Club at the high school Monday evening were completed at a meeting of the Sports Council Friday evening at the Woman's Club rooms. Plans were also perfected for the Thanksgiving dancing party to be given at Armory G Friday evening. The party is to be similar to the war camp community service dances.

Hiking squads were planned for Sundays. The Misses Elsie and Edna Storm will be the hike leaders for Sunday. Esther Ashman and Loretta Wichman will be the leaders for the subsequent hikes.

It is planned to have little informal "roasts" every Sunday afternoon at the Woman's Club rooms for the girls. The first one will be Nov. 28. The girls will take turns at being hostesses.

P. E. O. Sisterhood
The P. E. O. Sisterhood met Friday Nov. 19 at the home of Mrs. R. E. Carcross. The ladies met at nine o'clock in the morning to sew on children's garments for the City Relief Society. At noon the hostesses assisted by Mrs. E. G. Wheeler, served a delicious luncheon. After luncheon, the sewing was resumed until four o'clock when the regular business meeting took place. After the business session, a paper was read by Mrs. J. H. Tippet on the subject of the "P. E. O. Educational Fund." This fund is for the purpose of loaning money to girls who have completed the equivalent of a high school education and who desire to further their education in order to become self-supporting.

Four hundred and twenty-five girls have already been assisted. The total amount subscribed toward this fund by the P. E. O. Sisterhood at large up to March 1, 1920 was \$104,643 besides an endowment fund of \$2,800. Thirty-five dollars was subscribed at the Friday meeting by the local chapter.

Laubs-Fiedler Wedding.
At 2:30 o'clock Saturday afternoon at the Congregational parsonage, Miss Irene Laubs, daughter of Mr. and Mrs. August Laubs, 350 North street, became the bride of Dewey Fiedler, son of Mr. and Mrs. J. H. Fiedler, 1066 Harrison street.

Miss Laubs wore a suit of navy blue tulle with a bronze and blue hat of pan velvet, and carried a bouquet of bronze and yellow chrysanthemums. The couple was attended by Miss Gertrude Kessler and Harry Laubs. Miss Kessler wore a dress of brown broadcloth with a hat match and carried pink chrysanthemums.

A dinner was served to the immediate families at the home of the bride, which was decorated with pink and white carnations. The young people left for Milwaukee, where they will make their home.

J. T. F. Club
The J. T. F. club met Thursday evening at the home of Miss Marjorie Kranhold. The evening was devoted to playing games. Refreshments were served. The next meeting will be held at the home of Miss Irene Schneider, Nov. 24.

Party Called Off
The All Conservatory Club Thanksgiving party, which was to have been held Monday evening at Lawrence conservatory, has been called off because a number of conservatory students have gone home for the Thanksgiving vacation. The club will have a Christmas party between the Thanksgiving and Christmas holidays.

Travel Class.
The Travel class will meet Monday with Mrs. Charlotte Smith. Mrs. J. S. Leever will read a paper on the early history of Scandinavia and the seafarers. Mrs. Irene Orblison will read "Margaret and the Union."

Matinee Dance
The pledges of Kappa Delta sorority entertained the pledges of other sororities at a matinee dance Saturday afternoon in the Athena room of Carnegie library.

Entertains Friends
Miss Erna Rhode entertained seven friends Friday evening at her home.

Sister Mary's Kitchen

One of the easiest ways of saving time and labor is preparing certain foods in large quantities.

Most women have to peel potatoes but when once started would just as soon keep on and do a whole lot. There are so many ways of using cold potatoes, either plain boiled or mashed, that there is no risk of waste if one has some on hand.

Plain boiled potatoes can be diced and warmed over in cream sauce, they may be simply sliced and fried, or diced and fried in crisp cubes, diced and reheated in milk and butter in the oven.

Mashed potatoes can be made into croquettes, and fried in deep fat, made into little flat cakes and fried or sautéed in the frying-pan, beaten up with eggs and made into a soufflé, reheated as mashed, used with fish in croquettes or made into cups and filled with another vegetable.

If one has cooked potatoes on hand half an hour is saved in the preparation of a meal. Try it!

Menu for Tomorrow
BREAKFAST—Sliced bananas, oat-cooked cereal, soft-boiled eggs, toast, coffee.
LUNCHEON—Creamed fish in potatoes, hot rolls, grapes, preserves, tea.
DINNER—Fried chicken, baked

on Oneida street. Games and dancing furnished diversion, after which a light lunch was served.

The guests included the Misses Lucile Schuit, Laura Lueders, Laura Rhode and Carl Bauer, Merri Latham, Harvey Jahnke and Victor Verwey.

Epworth League Social
A large crowd attended the "foot social" given Friday evening by the Epworth League of the First Methodist church. Admission depended upon the length of one's shoe; it cost a penny an inch. The evening was spent at games and stunts. A luncheon was served.

Kofo Club Party
The Kofo Club had a party in the studio of the dean of Lawrence Conservatory Thursday evening. Each member invited a guest. Prizes at games were won by Blanch Carr and Winifred Hock. Refreshments were served after an informal musical program.

Party for Patronesses
Epworth Alpha Phi sorority entertained patronesses at a tea Thursday afternoon at the study rooms on Lawrence street. Among the guests were Mrs. I. B. Wood, Mrs. Arthur Weston, Mrs. M. J. Sandberg, Mrs. L. C. Sleeper, Mrs. Mary B. Housel, Mrs. Elmer Dunn and Miss Grace Mitchell.

Pythian Sisters
The Pythian Sisters will have their regular meeting at eight o'clock Monday evening. A class of candidates will be initiated after the regular business session. Refreshments will be served.

Miscellaneous Shower
Miss Gertrude Kessler, 372 Vine street, entertained 14 guests at a miscellaneous shower Thursday evening in honor of Miss Irene Laubs. First prize at games was awarded to Miss Ethel Miller. A dainty luncheon was served.

Thanksgiving Program
A Thanksgiving program and box social will be presented at the Cedar-grove school, district No. 1 Green valley, Nov. 22. A comedy entitled "Maidens All Forlorn" will be given by the young ladies of the district. Miss Vera Lockery is the teacher.

P. M. P. M. Club
The P. M. P. M. club had a party at the Woman's Club Saturday afternoon. Games were played and refreshments served.

"Movie" Party
Miss Virginia Hulbert Ormsby Hall,

SHE HAS "MOST BEAUTIFUL BACK IN THE WORLD"

New York.—Here we meet, due to face so to speak the most beautiful back in the world. Perhaps you have followed the trackless trails of India, been the friend of queens and ventured in the boreal wilds. Perhaps you well—whatever you've seen! If you haven't seen Deborah's back (left) you ain't seen nothin' yet! Kitty Gordon (right) used to have the world's best back. But the artists here and in France and England now hand the honor to the French girl who has come to New York with "Maur"—the colorful spectacle imported from London. She formerly played also in "The French regard her as the successor to Gaby Deslys."

SEND BASKETS TO HOMES OF NEEDY

Relief Societies Working on Plans for Thanksgiving Gifts.

Ladies and societies of Appleton are making arrangements for sending Thanksgiving cheer into all the homes of the deserving who can not afford to provide it for themselves. The societies will work separately and individually this year.

The City Relief Society has collected \$75.92 from the different ward schools to help defray the cost of the provisions put in the baskets. The First ward children donated \$76.92, the Second district schools, \$27.78, the Third district schools, \$5.11 and the Fourth district schools, \$5.11.

Members of the society will work under ward chairmen who will be responsible for the filling of baskets for people of their wards. The chairman are Mrs. Frank Wright, First ward; Mrs. Thomas Orblison, Second ward; Mrs. A. J. Meading, Third ward; Mrs. Roy Marston, Fourth ward; and Mrs. G. A. Ritchie, Fifth and Sixth wards.

Fifteen large families were given to the Appleton High school which will provide for them from the funds realized in the Senior Auction. These fifteen families were selected out of the list of deserving poor which the City Relief Society holds.

The work of filling the baskets will be done at the homes of the ward chairmen. Special attention will be given to the individual needs of the different families.

The Ladies Auxiliary of the Catholic Order of Foresters is planning to fill about 24 baskets. The materials and food will be collected at Forester home on Washington street all this week and next. The actual filling of the baskets will be done Monday and Tuesday. The organization has a fund which it will use for purchasing staples. A record is kept of the size of families and the ages of the children, so that garments of the right size may be sent along with the food. Members are furnishing canned goods of all kinds.

The German Ladies Aid Society is taking care of several families as they have always done in a quiet way, providing money and clothing etc.

The members of the Jewish ladies aid society will send baskets to ten or twelve families, with money donations also.

All of the relief organizations agree that there are fewer needy families than ever before, due largely to the high wages and abundant work.

EASTERN CONGRESSMAN FOUND DEAD IN HOME

By United Press Special Wire
Washington—Representative W. M. Garland of Utah, one of the union labor leaders of the house, was found dead in his home here last night. Heart trouble caused his death. His secretary found the body.

Engine Backfires

Cecil Tibbels, Twelve Corners, is nursing a mutilated right index finger as the result of the engine of his automobile back-firing when he attempted to crank it. No bones were broken.

Miss Diana Reisman, who submitted to three operations at St. Elizabeth hospital several days ago, reported to be resting comfortably. She will probably be moved to her home in about a week.

Confessions of a Bride

(Copyright 1920, by The Newspaper Enterprise Association)

THE BOOK OF DEBORAH

Brisk Walk is Recommended for Every Jealous Woman

I let my misery surge over me in dark waves as soon as Ann had left me. I had had to protect my husband and I had sacrificed the truth in vain, for it that babe, Ann, could see thru my fib, probably Deborah could I love the exquisite handkerchief, with its horrid initials, "K O M," into shreds. Then I laid the tatters on my husband's chest.

Had I a right to ask him to explain? Or had I, his wife, only the right to trust him, and never the right to question his conduct. Must I discard all my suspicions and he to save myself from disillusionment, as I had led to the girls to protect Bob?

"No! I'll be there, come what may, compelling—with Katherine Miller or any other woman," I said to myself. "I'm Bob's wife, his partner, his equal and I know very well the dignity of my position. I'll not question Bob! He can tell me about this handkerchief when he gets ready!"

It was a wise conclusion, I know. Womanlike I left the handkerchief where Bob couldn't fall to find it. Even though I never referred to it, I wanted Bob to see that new fuel had been added to our flaming quarrel.

Was any woman in the world as unhappy as I was?

As soon as I discovered that I was actually feeling sorry for myself, I held my head high and decided to take a walk in the air. That exercise is to be recommended to every jealous woman. It makes the brain clearer and the judgment fairer.

But it took an effort of my will to force myself to tramp in the park. I really preferred to nurse my woes, my mind whirled around them.

But between my woes and Deb's, my mind swung like a pendulum. Wasn't I foolish to worry about which man Deb might marry? If a girl didn't adore her husband, why, he never could hurt her by carrying another woman's handkerchief next his heart! To be sure, I had no proof that Bob had carried Katherine's kerchief there!

Finally by a supreme effort, but one not beyond the strength of any jealous woman, I kept my thoughts on my friend's affairs instead of my own.

Paul Van Dyck was interfering with Ted Moore's chances. Plainly, Paul ought to be sidetracked.

Why I could do that myself! Of all the younger matrons, I was the one to whom Van paid the most attention. I hurried home, sat down at my desk, and wrote a short note to Van.

Mr. and Mrs. E. W. Dick have returned to Milwaukee after attending the funeral of Mr. Dick's father.

W. H. King of Milwaukee was a business visitor in Appleton Friday.

Miss Mata Wicket of Center is spending a few days at the home of her sister Mrs. George Duensing 903 Morrison street.

MAINVILLE TO GO TO STATE PRISON

Supreme Court Compels Atto-
man to Serve for At-
tempted Murder.

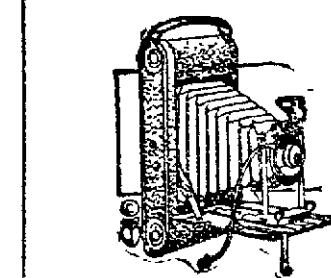

Madison—John Mainville, Antigo brakeman, whom a jury acquitted of killing Frank Parsons, must serve his term of three years in state prison for wounding Parsons' housekeeper, Mrs. Anna Lillie. This was the decision of the state supreme court, rendered on Mainville's appeal.

The shooting of Parsons and Mrs. Lillie occurred at the same time. Two trials were held. The jury in the murder trial, responding to an appeal by Mainville's attorneys based upon the "unwritten law," brought in a verdict

MATTESON GIRL WEDS RIVER DALE YOUNG MAN

(Special to Post-Crescent)
River Dale—Mr. and Mrs. S. J. McClellan and daughter Elizabeth autoed to Lebanon Sunday and spent the day with Mr. and Mrs. C. Nicholas. Sherman McGlin of this place and Miss Nora Dohling of Matteson were married Tuesday, November 16. They will reside in Black Creek where the groom is employed.

Miss Schultz, the county nurse, visited the school here Tuesday afternoon. Miss Alma Luebke left for Green Bay, where she will be employed. S. J. McClellan was a business caller in Clintonville Wednesday. Henry and Alvina Koehler autoed to Clintonville Tuesday.

of acquittal. This was not reviewed by the supreme court.

Woman Aided in Attack
Mainville, a brakeman on a train on which Parsons was conductor, shot the latter after being told by Mrs. Mainville how she was lured to the Parsons home and attacked. Parsons, she charged, was assisted by his housekeeper, Mrs. Lillie. Then Mainville turned the gun on the housekeeper, wounding her.

"The jury found an intent to do great bodily harm, upon abundant competent and credible evidence," says Justice Cuno in the opinion of the court. "The other errors assigned are not well taken. We are satisfied that the defendant had a fair and impartial trial, was ably defended, and should be well satisfied with the result, considering the gravity of the charges against him and the strong evidence supporting them."

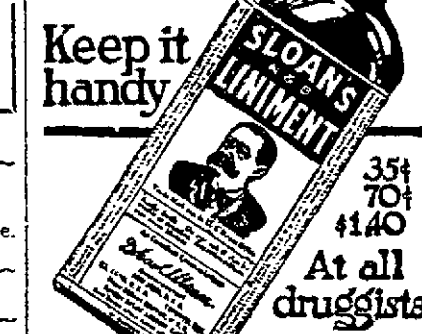

WOOD COUNTY PROVIDES PUBLIC CAMPING SITES

Wisconsin Rapids—The Wood county board appropriated \$400 to provide and equip two public camping sites for tourists. One is north of Pittsville along the Yellow river, on the main Marshallfield-Vernon highway. The other is Elbe's grove, a famous picnic place.

Mr. and Mrs. Laetke and son Ralph, and Mr. and Mrs. John Farwell were Black Creek visitors Thursday.

STOMACH UPSET?
Get at the Real Cause—Take Dr. Edwards' Olive Tablets
That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.
Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.
Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.
Take one or two at bedtime for quick relief. Eat what you like.

NORMAL SCHOOLS NOT MEETING NEED

Committee Report Shows Need of Concentration on Teacher Training.

Madison—Normal schools of Wisconsin are followers rather than leaders of educational progress, according to a report of a committee of city school superintendents appointed to investigate the status of professional service rendered by the nine teacher training institutions of the state. Two reasons given for this condition are a general lack of realization

Dance at Gainer's Hall, Mackville, Tuesday, Nov. 23rd. Music by Stecker Bros. Orchestra.

on the part of those who shape the policies of the normal schools of the purpose for which they were created and for which they now exist, and a scarcity of live professional pioneers willing to forge ahead in the more advanced fields of normal training. The committee also reports that there is a marked tendency to develop irrelevant side lines which are not calculated to serve the interest of education, although they may meet economic demands of the communities in which schools are situated.

Two general recommendations are made: That no more normal schools be established. That the normal school regents take steps at once to eliminate all courses and functions now fostered that can not qualify under the heading of development of teachers for service and improvement of teachers in service.

EPWORTH LEAGUE GIVES SOCIAL IN SHIOCTON

(Special to Post-Crescent)
Shiocton—Mrs. Pooler left Tuesday for Long Beach, California, where he will spend the winter. Miss Edith Mack of Lawrence College spent last week end at her home here.

Miss Clark spent the week end at Madison, attending the homecoming of the State University.

Miss Esther Siofoss was a New London visitor Thursday.

The Rev. Mr. Lester of Seymour visited at the home of R. G. Sawyer Monday.

Miss Manley of Stephentown was a guest of Edith Mack at the dance here Friday night.

Hugh Dishneau visited at Manawa Monday.

Mrs. P. R. Greinnalt and Mrs. Thede were New London visitors Thursday.

Little Peter Booth shows a marked improvement this week. He has regained consciousness and it is expected he will gain rapidly from now on.

Mrs. and Mrs. Julius Samsan and children of Black Creek visited at the home of Ralph Williams Sunday. Miss Katherine Cance of Racine is visiting her mother, Mrs. Agnes Cance, here this week.

Miss Lena Cance returned home from the Milwaukee hospital Monday evening. She is improving nicely.

Miss Lida Wolfmeyer is employed at the Black Creek telephone exchange.

Miss Reta Verhulst autoed to Green Bay Tuesday with friends from Oshkosh.

B. A. Raynton arrived here Sunday morning from Tacoma, Wash., called by the death of H. Hamilton.

The young people met in the basement of the M. C. Methodist church last Thursday evening for the first Christian Endeavor social of the season. About forty people were present. Games were played for about two hours after which lunch was served. The social committee plans to give one social each month during the winter.

Mrs. Carl Greim returned Thursday evening from a visit with relatives and friends in Waupaca.

TRAINING SCHOOL PUPILS ENTERTAIN COUNTY BOARD

(Special to Post-Crescent)
County Training School, Kaukauna—The girls of the cookery class served a luncheon to fifty Red Cross workers last Tuesday afternoon.

The student teachers have begun their second week of practice. Agnes Jobin, Helen Pamperin, Florence Kademacher, and Mary Bokunewicz are teaching this week.

The training school board met Wednesday afternoon to transact routine business. Wednesday afternoon the board and members of the county board visited the school. A short program was given, after which the girls served coffee and doughnuts.

Literary societies have been organized. The school is divided into four groups with a faculty member as leader of each group. Programs will be held weekly. The first group will give a Thanksgiving program Tuesday afternoon, Nov. 23.

The Juniors elected the following officers for the second quarter: President, Edith Osharski, vice president, Veronica Nichols; secretary, Hazel Jensen; treasurer, Margaret Detman.

Fred Heineman and Herman Kamps visited school Wednesday afternoon.

ORGANIZE NEW DAIRY FIRM AT FOND DU LAC

Fond du Lac—The Fountain City Dairy company has been organized here with a capital stock of \$50,000. The newly organized company will immediately begin work in a modern two story reinforced concrete plant. The concern will manufacture ice cream, butter and dairy supplies. The officers and directors of the Sheboygan Dairy Products company, together with the officers and directors of the Wisconsin Milk company, the latter of this city, are the officers and the directors of the new organization. Its organizers are M. G. Douma, E. C. Peacock, H. E. Steffen, and R. Beutler.

Mrs. F. G. Hauert spent a few days in Appleton.

Lawrence Lane was called to Wild Rose Monday by the sudden death of his mother. Mrs. Lane was well known in Black Creek as she had lived at the home of her son here several times.

Mr. and Mrs. P. A. Huhn autoed to Appleton Saturday evening.

Mr. and Mrs. H. V. Shauger spent Wednesday in Oshkosh.

Henry Wehrman and family of Pulaski visited relatives in this vicinity Sunday.

Dr. J. J. Laird, Dr. F. C. Walch and H. V. Shauger spent Monday evening in Seymour.

Mr. and Mrs. J. A. Koehler were pleasantly surprised by a number of relatives and friends Sunday evening. Games and music furnished entertainment for the evening. Lunch was served.

Mrs. Otto Mielke of Seymour spent a few days here with her parents, Mr. and Mrs. J. A. Koehler.

Mrs. R. L. Steinman of Green Bay spent a few days with old friends here.

Mr. and Mrs. John Hines moved into their new home on Maine street which they purchased from August Brandt. Rudolph Burmeister and family moved into the rooms vacated by Mr. and Mrs. Hines.

E. S. Maas left Thursday for Lily on a hunting trip.

H. W. Leatherbury and family moved here from Sheboygan Falls the first of the week, and will live in the house on Maine street recently vacated by the Louis Pohlman family.

Mrs. Harry Armitage spent Wednesday in Seymour.

Mrs. Mary Kohls and Miss Sylvia Wilson spent Wednesday with Appleton relatives.

Sherman McGlin is spending a few days at Deer Creek.

The Duncan Comedy co. is showing at the auditorium this week.

Dr. Laird and sons Kenneth and Bruce spent Saturday at Appleton.

Andrew Fries sold his farm just east of the village to Gustave Kronschnable who will move there in the near future. Thomas Locke and family who have been renting the farm will move to a house in the village.

Mrs. William Weidhof spent Thursday with relatives at Nichols.

Irvin Grunewald of Black Creek and Hannah Jensen of Surin were married at Menomonee, Mich., Wednesday, Nov. 10. They will make their home here, where the groom is employed in the Grunewald general store.

Rolland Little was a business caller in Shawano Monday.

HOLD REHEARING ON STEEL RATES

Twin Ports Business Men Object to "Pittsburg Plus" Arrangement.

Superior—Fortified by new arguments, five twin ports men are in Washington to attend the rehearing before the federal trade commission on the complaint to abolish the "Pittsburg plus" system of basing steel prices.

The two chief arguments presented at the rehearing are, that the production of steel in the Chicago district is rapidly overtaking if it has not already overtaken the consumption in that district, and that the recent increase in freight rates makes the "Pittsburg plus" system many times more unfair than it was before.

The federal trade commission gave as a reason for denial of the application at the previous hearing that the Pittsburg district is the largest exporter as a district, and that in consequence Chicago must buy Pittsburg steel under normal conditions and that therefore the "Pittsburg plus" pricing system was economically sound.

Unfair in the West
With proof that the Chicago and twin ports district mills make more steel than is sold in their natural trade territory, the opponents of "Pittsburg plus" now contend that this argument should cause them to

reverse the tables and order steel sold on a "Chicago plus" or "Superior plus" basis, giving the west cheaper steel than Pittsburg. Instead of much higher prices.

It is alleged that the unfairness of the "Pittsburg plus" is enhanced by increased freight rates. It is said that 35 and 40 per cent higher fictitious charges are added to steel made in Chicago and Superior and sold in nearby cities. This increased charge narrows down the territory in which western steel fabricators can compete on an equality with Pittsburg to small sectors immediate to the western plants, while Pittsburg fabricators have the advantage in all other territory.

Resignation a Factor
The resignation of J. E. Clover from the trade commission may have some result on the outcome, local men believe. Mr. Clover was one of the three men who voted against granting the complaint asked by western steel consumers. If the rest of the commission vote as they did at the other hearing, the vote will be two for each side.

Among twin ports men to

Sport News and Views

HIGH TEAM FACES ITS SUPREME TEST

Orange and Blue Squad Tackles Green Bay on Opponent's Gridiron.

With the knowledge that an entire season's work will be wasted if today's battle results in defeat, Appleton high school football team left for Green Bay shortly before noon to engage the East Side high school team in the most crucial game of the season thus far. More than 100 high school students and fully that many townspeople accompanied the team. Hundreds more will drive to the Orange and Blue squad encouragement from the sidelines.

Coach Vincent, while not supremely confident of victory, is reasonably sure his team will win. Comparative scores show a slight edge in favor of the Baymen but men who have seen both Appleton and East in action say Vincent's team is superior. It has a stronger team, shifter backs and surer tacklers. Green Bay men excel in the passing game and it has a rattling good drop kicker who may make it uncomfortable for the local squad.

While Appleton and East are fighting for preference in eastern Wisconsin, Antigo and Superior are engaged in a scrap in Antigo to determine the championship of the northern section of the state. Antigo has the more formidable record of the two and is picked to win, but Superior is not an easy opponent. Antigo has piled up 321 points during the season, while only 17 were scored against it. Superior has a record of 234 points and 20 scored against it. Antigo played the stronger teams, winning from Waupun, Merrill, Stevens Point, Marshfield and Wisconsin Rapids. Superior's opponents have not figured in the championship race.

The winner of that game is to play Madison Thanksgiving day. If Appleton defeats Green Bay an effort will be made to match this team with the Turkey Day winner for the undisputed championship of the state.

A new source of gum, from the candlewood of Arizona, is said to have all properties of rubber and to vulcanize properly.

WESTERN TITLE IS AT STAKE AT URBANA TODAY

(By J. L. Sullivan)
By United Press Local Wire
Urbana, Ill.—The western conference football championship was at stake today in the game between Ohio States and Illinois on the Illinois field.

The Buckeyes had the edge in what little betting was going on. Indications were that John Depler, captain of the Illinois, would be unable to play. His shoulder was injured Wednesday and while he believed he would be able to get into the game, Coach Zuppke arranged to shift his lineup at the last minute, to make up for Depler's loss.

Bob and Ralph Fletcher who have been prominent in the big ten gridiron battles for the last three years, will make their final appearance in collegiate football in the game. The hopes of the Illinois followers were pinned on Ralph Fletcher's ability to kick field goals. The aerial attack of Ohio, with the passing combination of Workman to Stinchcomb was expected to be the mainstay of the Buckeye game.

If the Buckeyes win the game, they will have a clear claim to the conference title without a defeat. In case Illinois wins, the championship will be undecided. Illinois, Ohio and Wisconsin will be in a triple tie, according to some authorities, each having lost one game.

KAUKAUNA STARTS ITS CAGE SEASON

Electric City School Expects to Get Early Basketball Start.

The second season of football in the Kaukauna high school ended with the cancellation of the Fond du Lac game by that city. The high school looks upon the season as a decided success, the team having lost only one game, and that to Appleton by a score of 26 to 0.

The schedule was cut rather short to afford more time for basketball, which is a specialty in sports in Kaukauna high. The schedule has been arranged and only a few more dates remain to be filled. The first game on January 14 will be at Kaukauna against the schools old time rival, Oconto. The schedule is as follows:

Jan. 14 Oconto at Kaukauna.
Jan. 21 Marion at Kaukauna.
Jan. 28 Appleton at Kaukauna.
Feb. 4 Kaukauna at Kaukauna.
Feb. 11 Kaukauna at Kaukauna.
Feb. 18 Appleton at Appleton.
Feb. 25 Kaukauna at Kaukauna.
Mar. 4 Open.
Mar. 11 Oconto at Oconto.

GOPHERS HOPEFUL OF WIN OVER WOLVERINES

By United Press Local Wire
St. Paul—Minnesota and Michigan met here today before a "homecoming day" crowd of thousands.

Alumni festivities throughout the week have helped build up Minnesota hopes as the end of a season of defeats approaches.

Minnesota has lost five games in the conference this season and won none.

Michigan has won one and lost two.

Confessing a weakness when it comes to aerial work with the pigskin, the Gophers hope to beat Michigan on the ground.

Call for Mike Steinhauer transfer line for parcel and all kinds of delivery. Phone 147.

BADGER SCHOOLS ASK \$21,000,000 FOR NEXT 2 YEARS

Requests for Appropriations Are Fifty Per Cent Greater Than in 1918.

(Special to Post-Crescent)

Madison—Wisconsin's educational institutions and boards, not including the common schools, are submitting to the State Board of Education requests for a total of \$21,448,974 for the coming biennium. This is an increase of 50 per cent over the appropriations made by the legislature for these institutions for the past biennium.

Two years ago these same institutions received a total of \$14,661,587. The increase is approximately 47 per cent. The following are the amounts which were authorized by the last legislature in the regular and special sessions and the amounts which are asked for in the budgets, just presented to the State Board of Education:

University of Wisconsin, \$10,730,338, \$15,299,764.
Normal Schools, \$3,563,749, \$5,257,245.
State Superintendent, \$193,000, \$330,400.
Vocational Board, \$60,000, \$80,000.
Educational Bonus Department, \$22,500, \$10,000.
State Board of Educational (General), \$30,000, \$40,000.
Stout Institute, \$230,000, \$300,000.
Wisconsin Mining School, \$2,000, \$2,465. Total \$24,661,587, \$31,428,794.

The largest increase in appropriations is asked by the University of Wisconsin. Two years ago the legislature, at its regular session, authorized a gross expenditure of \$5,926,000 for the biennium 1919-1921. Through increased fees and legislative appropriations at a special session, there was made available to the University \$10,730,000. One million of this money was a balance in the University fund, one million was appropriated from the Soldier Bonus for the hospital, a little over one million was appropriated for operation, which included salary increases, and the other million came from increased fees and revolving funds.

The request of the University this year is almost three times what was asked of the last regular session of the legislature. The attendance at the University has increased 40 per cent, but the estimated request submitted to the State Board of Education calls for an increase of 300 per cent above the allotment made at the regular session of the legislature in 1918.

The Normal schools during the last biennium spent \$3,563,749 and the Board of Normal Regents is asking for \$5,257,245 for the next two years, an increase of approximately \$1,700,000. There has been no appreciable increase of attendance in the gross enrollment of the Normal schools.

Stout Institute was given at the last session of the legislature, \$230,000 and it is estimated that the request of that institution to the present legislature will be about \$300,000, an increase of \$70,000.

The Mining school at Platteville received from the last legislature \$22,500 for the biennium and is requesting \$10,000 of the coming legislature.

The Superintendent of Schools, C. P. Cary, received from the last legislature \$93,000 for the biennium after a big fight. He is asking of the next legislature \$330,400.

The State Board of Vocational education received \$60,000 two years ago and it is estimated it will ask for from \$80,000 to \$100,000 to provide for the work of the rehabilitation of persons injured in industry, and a larger number of schools coming under its jurisdiction.

The State Board of Education received for the administration of the educational bonus during the last year \$22,500 and will request \$19,000 of the next legislature, a decrease of \$3,500 for the education of ex-service men under the Educational Bonus law.

These estimates and requests do not include the amount of money raised by state taxation or appropriated from the general fund in the form of state aid to the common schools, graded schools, free high schools, county training schools and vocational schools.

BUSHEYS WIN FROM RIPPON, 34 TO 31

Commercial Students Come From Behind and Win in Last Three Minutes.

Playing a whirlwind of a game from start to finish, Bushey business college basketball team defeated Ripon here Friday night, 34 to 31. It was the first home game of the season for the commercial students.

The battle was one of the finest ever seen here. Ripon was just as strong as expected. At times the visitors played the local squad off its feet but the Bushey men came back strong and at

the final whistle were leading by three points. Ripon was leading by three points up to the last three minutes of play. Then Kenney, Loose and Welch in a great burst of speed, dropped in three baskets, enough to win.

Ripon excelled in floor work but was weaker at basket shooting. Running, passing and shooting, Ripon college students, threw several baskets from the middle of the floor and also played a great passing game.

BULLDOG READY TO SPRING ON HARVARD

70,000 Fans Will See Annual Blue-Crimson Battle in New Haven Today.

(By Henry L. Farrell)
By United Press Local Wire
New Haven, Conn.—Thin and emaciated from a two years fast from Big Three meat, the Yale bulldog lay in wait for Harvard here today living only on hope.

Sidewalks and hotel lobbies jammed with people, streets and avenues leading into the city choked with automobile traffic loaded this college town down with a mob of close to seventy thousand football fans gathered for the thirty-ninth annual battle between Yale and Harvard.

The town was a sea of blue, splash of only here and there by gobs of Harvard crimson. It was a Yale day in Yale's home town.

Harvard was quoted at ten to three favorite but wagering was slight, more betting being done on the size of the score. The opinion seemed general that Harvard would win by at least three touchdowns.

The last 24 hours here has been a continual battle for tickets, a battle for hotel accommodations, a battle for eating places and some battles just for battles sake. Overhanging clouds early this morning indicated a possibility of rain with a rising temperature.

The weather man predicted fair and warm conditions.

Both coaches expressed confidence and hope. Tad Jones, boss of the Yale squad, who might be expected to show a little pessimism, was just the opposite.

"For the first time this season I have a squad at full strength," he said.

"Despite the dope we figure that a game is never lost until the game is over and this one is not over. Its about time for us to get some breaks in a game and if we get them, we'll show you something."

Bob Fisher, coach of the Harvard squad, who refused to have his players numbered for the convenience of the spectators, bluntly said he would win. He laughed when asked for reasons.

Yale will show a changed lineup from the one that lost last week to Princeton. Critics figured it a stronger team. Bean, a 200 pound former guard who came up from the third string squad, has replaced Dilworth at right end. Stumm, another third string man, will be at full back and Kampton will start the game at quarter.

at left half back and into may start at tackle in place of Dickens.

Harvard will start her regular line up with the back field consisting of Fitzgerald, Owen, Humphrey and Captain Horween.

WHAT will please you most about the new Nineteen Twenty One Buick models is their utility. You can rely on the Buick Valve-in-Head motor for power for the hardest travel, the greatest speed emergency.

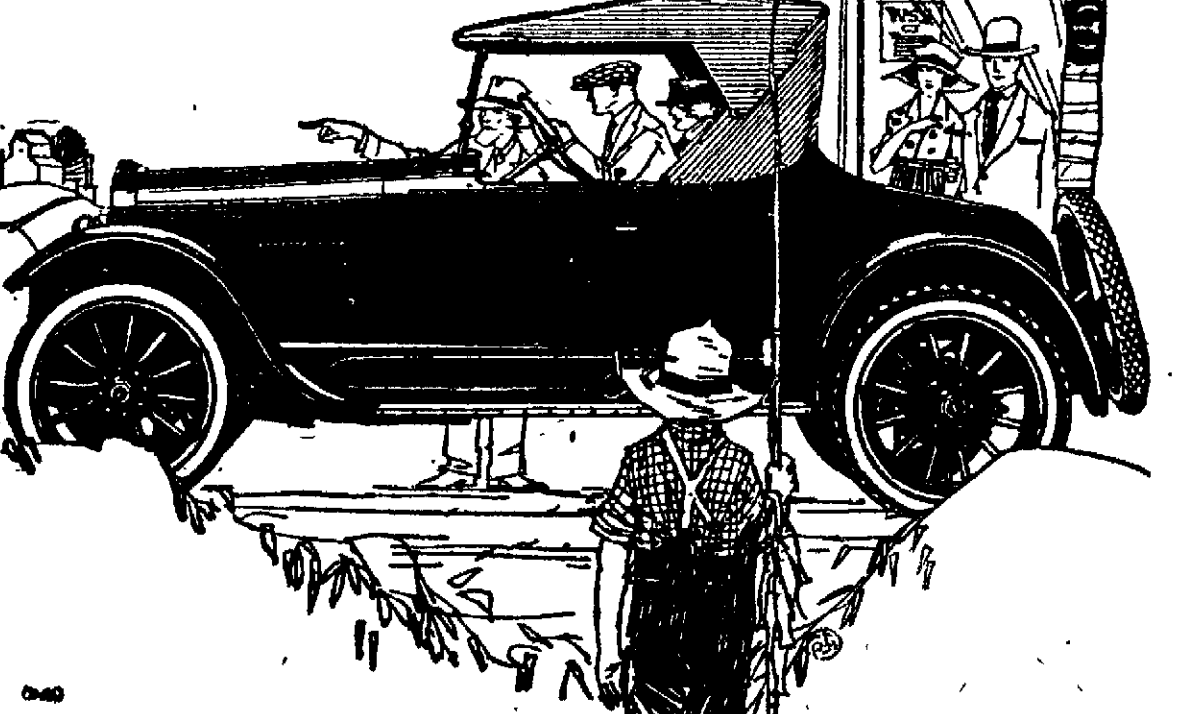

To remarkable serviceability, the new Buick models add really impressive beauty. The graceful body lines, handsome appointments, refinements and roominess inspire justifiable pride among owners.

Authorized Buick service, nation-wide in extent, reinforces their high serviceability.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

IN the lines of the Paige seven-passenger Sedan there is a touch of formality that is suggestive of refinement in the highest sense of the term. From the standpoint of elegance in coach-building, this exquisitely designed Enclosed Car stands unsurpassed by the finest creations to be found in either America or Europe.

But, quite aside from its outward impressiveness, the Paige Sedan is a car of practical utility. With large side-windows that can be opened or closed as weather conditions demand, it is a vehicle of year-round serviceability, affording the fullest measure of comfort as yet attained in an automobile.

Built on the finely balanced Six-66 chassis and having a power plant capable of seventy-five miles per hour, the Paige seven-passenger Sedan is a model of which any car owner may justly be proud.

You will also be captivated, we believe, with the very smart five-passenger Brougham—another artistic triumph of the Paige designing staff.

LEGAL NOTICES.

STATE OF WISCONSIN—COUNTY Court, Outagamie County—In Probate.

Notice is hereby given that, at a special term of the County Court, at the Court held in and for said County, at the Court House, in the City of Appleton, in said County, on Tuesday, the 21st day of December, A. D. 1920, at 10 o'clock a. m., the following matter will be heard and considered.

The application of William H. Zuehlke praying for the judgment of the Court, finding and determining who are the heirs of Albert Zuehlke, intestate, and what are the respective rights and interests of the parties named in the petition filed herein, and of others, if any, in the title of said decedent in and to the lands of which he died seised, which are situated in Outagamie County, Wisconsin, and known and described as follows, to-wit: Lot eight (8), block sixty-one (61), Second Ward, City of Appleton, Wis., according to assessors' map published in 1907.

Dated, Appleton, Wis., November 5, 1920.

By order of the Court.
JOHN BUTTENSEK,
County Judge.

JOS. KOFFEND, JR.,
Attorney at Law,
Appleton Wis.

BRUNSWICK
Method of Reproduction

Critical music lovers prefer The Brunswick

It is always a certain friend, an enthusiastic one, I we find, who hears The Brunswick and then compares it.

The ear is quick to appreciate its superior tone. The eye is quick to note its finer cabinet work. And the mind is quick to reason out why Brunswick is a final-type instrument in every way.

The Brunswick Method of Reproduction has brought new standards in the phonographic art—better tone, truer tone. Tones hitherto lost are now ever-present.

Every hearer is convinced. That is the reason for the great popularity—that accounts for The Brunswick winning such headway in a field where limits were supposed to have been reached.

Since The Brunswick came, they all say "Plays all records." But just you find out how they do it and then investigate the Brunswick way.
